Bulletin/Newsletter:

Dear Parent / Carer

Bury College has launched a brand-new website portal to support Year 11 pupils who are starting at Bury College this Autumn.

This new section of the website has a range of online resources to help engage and inspire pupils and to support their transition from school to college. These innovative new resources will provide an overview of life as a student and how to get the most out of the Bury College experience.

The online resources also include course specific information which has been carefully put together by experienced tutors. These resources will give pupils a head-start to their studies and provide them with tasks, reading lists and useful information that they can complete prior to joining Bury College.

The Be Bury College Ready website portal can be accessed here: [WEBSITE LINK](#)
