

Year 9 work for Tuesday 5th September

Welcome back! Please complete the work for the 5 subjects below and bring any notes to your first lesson back. The work you cover here will help you in your lessons when you return to school.

English

Please complete the work set for English via the clickable link below.

https://stjosephsbolton.org.uk/wp-content/uploads/2022/07/Y9-English-Skills_Home-Learning_6th-Sept-23.pptx

Maths

Look at the history of linear graphs and find some interesting facts to make an information sheet. Include information on how to plot one, where they are used in real life, what careers could they be linked to, what key words are linked and what their definitions are. Keep this to one side of A4 maximum.

Science

Choose (at least) 3 of the following Working Scientifically topics, and follow the links. Select the areas that provide you with most challenge. If you aren't sure which to choose, please select the first three.

- 1) Variables <https://www.bbc.co.uk/bitesize/topics/zsg6m39/articles/zyc9r2p>
- 2) Method planning <https://www.bbc.co.uk/bitesize/topics/zsg6m39/articles/zxn896f>
- 3) Graphs and charts <https://www.bbc.co.uk/bitesize/topics/zsg6m39/articles/zhmbvwx>
- 4) Conclusions and evaluations <https://www.bbc.co.uk/bitesize/topics/zsg6m39/articles/zjknhcw>
- 5) (Stretch option) Bias in Science <https://www.bbc.co.uk/bitesize/topics/zsg6m39/articles/zybm7yc>

Watch the video on each page, read the info – completing the short questions, quizzes and activities as you go along.

Make a revision resource for these topic areas to summarise the most important points. You should think about what makes an effective revision resource, and remember – it should be a short summary, so aim to make it no bigger than one side of A4.

RE

Work through the powerpoint

<https://stjosephsbolton.org.uk/wp-content/uploads/2022/07/Year-9-RE.pptx>

Design a key word poster or information sheet to show ten of the key terms and their meanings. You can do this on a PowerPoint slide, Word document, on paper or in any creative way you can think of!
Your work will be colour coded by your teacher to show how you have met the success criteria below.

PE

- 1) Access the YouTube video - [PE Department Bushtucker Trial - YouTube](#)
- 2) Follow the video and try out every exercise for 1 minute and try to beat the score/number of repetitions on the video.
